

Temporary/contingent staffing firms servicing New Jersey workers and companies

Staffing firms and their employees are large contributors to both New Jersey's economy and to the success of the companies statewide that utilize their services. Combining a diverse workforce with diverse clients leads to endless opportunities for choice, flexibility, training and development for employees and increased efficiencies, talent acquisition assistance and business optimization for clients.

The need for the services of staffing firms in New Jersey has increased over the years to accommodate the evolution of employment in which employees require greater choice and flexibility, real-time learning, increased autonomy and opportunities to work on personally meaningful projects. Employers require a dynamic and responsive workforce and are continuously challenged by the need

to recruit/source the talent they require to meet the needs of their organizations, both on a temporary and permanent basis.

In 2015, New Jersey's staffing industry employed more than 180,000 citizens daily with payrolls of \$3.2 billion. The New Jersey Staffing Alliance (NJSA) has more than 100 New Jersey staffing firms as members of an organization that works with member firms to promote and encourage the highest standards of ethical practice to ensure the finest possible service to both clients and employees throughout New Jersey. Member firms are committed to the advancement of New Jersey's workforce and companies throughout the state.

For further information, job opportunities or a list of member staffing firms and their contact information, go to www.njsa.com.
